

Recipe for Lemonade (serves 6)

Ingredients

4 unwaxed lemons

100g granulated sugar

Extra lemon zest, to garnish

Method

1. Peel the zest from the lemons, avoiding the white pith. Place the zest in a heatproof jug with the sugar and add 500ml boiling water. Stir to dissolve the sugar and leave to cool.
2. Squeeze the lemons, add the juice and 300ml cold water to the jug. Add honey if it needs extra sweetening. Serve chilled, with ice cubes and garnished with lemon zest.
